Oregon Scientific WS903 Aroma Diffuser Elite

Oregon Scientific WS903 i.relax Aroma Diffuser Elite provides the ultimate relaxation experience. This unique product brings you a naturally pleasant environment through aromatherapy, light therapy and sound therapy. The Oregon Scientific WS903 stimulates your senses gently to help relax your mind and body.

Aromatherapy

By breaking up a mixture of water and essential oils into millions of micro-particles, the Aroma Diffuser allows you to breathe this scented blend more easily. This use of essential oils and water – known as aromatherapy – helps ease nerves and gradually hydrate any room for a soothing effect. The diffuser turns off automatically when the water level is low.

Light Therapy

Color therapy is an area of holistic healing which uses color in an attempt to affect our mood, emotions and possibly even our health. Warm colors can revitalize, while cooler colors bring tranquility and harmony. The Aroma Diffuser Elite uses seven colored mood lights to soothe and relax.

Sound Therapy

The Aroma Diffuser offers 5 peaceful nature sounds that are known to trigger responses from the brain which can help us concentrate, relax and even sleep easier, including birds' singing, a waterfall and ocean waves.

Wake Up with Aroma and Nature Sounds

Because it is also an alarm clock, you can set the Aroma Diffuser to wake you up with the scent of the essential oil you love, as well as the sounds of nature.

Convenient Remote Control

The handy remote control allows you to access the Aroma Diffuser functions easily. It stores inside the base unit when not in use.

Features:

- Advanced ultrasonic vapor diffusing technology

- 7 Soothing color-changing lights
- 5 Nature sounds
- Digital alarm clock with large LCD display
- Infrared remote control
- Auto-shutoff when water level is low
- User friendly design with auto switch-off timer and mist output adjustment
- Auto switch-on timer

- 1 year manufacturers warranty

Why purchase an aroma diffuser:

- Diffusion is the process of dispersing essential oils so that their aroma fills a room or an area with natural fragrance without the use of heat from candles or chemicals used in traditional air fragrance products
- Ultrasonic diffusers use the power of vibration to quietly add essential oils into the air, without heat or flames
- The Muse Aroma Diffuser adds soothing music and the flickering light to increase the level of relaxation in your room
